GENERATOR ACCESSORIES

[www.greenpowersystems.com.au](http://www.greenpowersystems.com.au)

Whether it's continuous, prime or standby power that you require, Green Power Systems' diesel generators are renowned for their simple design, solid construction and reliable performance.

The staff at Green Power Systems has over a decade of experience working with diesel generators. We currently supply to the agricultural, rental and mining markets.

Green Power Systems is based in Victoria, Australia, and is an independent supplier of packaged diesel generators built by Green Power Systems SRL, based in Luno, Italy.

### **DIESEL GENERATORS:**

- 240 Volt Single Phase diesel generators
- 415 Volt Three Phase diesel generators
- Using the latest air, oil and water cooled diesel engines
- Conforms to world-wide emission legislation
- Available in skid mounted, pivot, silenced and super silenced models
- Super silenced models down to 58 dB (A) @ 7 meters
- Heavy duty, fully welded canopies with integral lifting frames.
- Fully welded, long range fuel tanks incorporated into base frames with access for fork lift tines underneath
- Double skinned fuel tanks are optional
- Under-engine spill trays are standard on most models
- AVR controlled alternators
- Oversized alternators are optional (suitable for electric motors, UPS, etc)
- PTO driven alternators from 30-105 kVA (Tractor Power Take Off)

### **DIESEL ENGINES, YOUR CHOICE:**

We understand that our customers may prefer a particular brand of diesel engine.

When you purchase a Green Power Systems' generator you can choose from one of the following popular brands.

- Deutz
- Yanmar
- Iveco
- Volvo
- Cummins
- Perkins
- John Deere

### **AUTOMATIC VOLTAGE REGULATORS:**

Green Power also supplies replacement Automatic Voltage Regulators to suit many different alternator brands. Available in 1 to 75 amp configurations.

Our AVRs are original replacements or directly compatible with most of the following brands:

- Newage and Stamford alternators
- Leroy Somer and Basler alternators
- Marathon and Marelli alternators
- Denyo alternators
- Most petrol generators
- And many more...
